

Democrats Stand Together

Celebrating the 19th Amendment

Chairwoman Debra Haaland, Aug. 21, 2016

This week, we celebrate the 96th anniversary of the 19th amendment, and this year women

are making history again!

Qualified, strong women are running up and down the Democratic ticket, and we need your help to get them elected in November!

After a long struggle for the right to vote, women have been moving up the ladder. From Hillary Clinton and Maggie Toulouse Oliver to Michelle Lujan Grisham and Merrie Lee Soules and numerous women candidates on the Democratic ticket, we have the opportunity to honor the memory of those who fought for women's suffrage and elect women to all levels of government--not just because they are women, but because they are candidates who will fight for New Mexico families.

Let's get out and vote to support our strong women who are fighting for New Mexico families on November 8th.

Pence came to New Mexico, and it was awful

DPNM Vice-Chair Juan Sanchez III, Aug. 21, 2016

Donald Trump's Vice Presidential pick was in New Mexico, and it was awful.

Mike Pence is one of the most extreme vice presidential candidates we have seen in recent history. During his events, Pence spread the same hateful rhetoric that Trump has made the cornerstone of his campaign and promoted the same failed economic policies that continue to damage New Mexico's economy under Governor Martinez.

And to add to it, prominent Republicans, Steve Pearce, Nora Espinoza and Alonzo Baldonado

gave speeches at the events. With Republicans like Steve Pearce, Nora Espinoza, and Alonzo Baldonado supporting the Trump/Pence ticket, voters have a clear choice in November. We have a responsibility to elect candidates who don't make hate the standard of their campaigns, and instead elect leaders who will fight for New Mexico families. Simply put, we need to elect Democrats up and down the ballot.

Pence needs to answer for Trump's economic "plan" (if you could call it that), and his own record of discriminating against the LGBT community, fighting against an increase in minimum wage, and cutting taxes for corporations.

We know how harmful Republican policies are for New Mexico—just look at the damage Governor Martinez caused. Democrats will work to invest in our future rather than making harmful cuts without prioritizing our families.

Let's make sure our message is loud and clear this November: New Mexico stands against the Trump, Pence, and all the Republicans who stand by while he spreads hate and ideas that put our economy at risk.
